

Board Report Format - Exact

(Partner-Grade)

This document is the only board-facing artifact. It must be one page.

No technical findings, rule IDs, or operational guidance may appear.

Required contents (in this order):

1. Decision

- GO / NO-GO / REFUSE

2. Declared Governance Context

- Environment
- Regulatory Scope
- Business Criticality

3. Rationale (fixed language)

Legacy Lens refused to assert
deterministic equivalence because
provability
terminates at unresolved
control-flow and dependency
boundaries identified
in the analyzed source artifacts.

4. Evidence Reference

- Evidence Bundle ID
- Registry Version
- Bundle Root Hash

5. Authority Statement

This decision reflects the maximum
defensible claim that can be made
under
the declared governance context.
